Dear Shri Fadnavis,

The Trustees of the Public Concern For Governance Trust (PCGT) who meet every Wednesday, were very appreciative of some of the significant actions / statements of intent made by you since you assumed the chair of Chief Minister.

First of all we are delighted that you retained the Home portfolio with yourself because many governance issues, in fact a big bulk of them, emanate from the misuse of the security apparatus by the political class as we have experienced over the years.

We also appreciate your decisive step of permitting the ACB to go ahead with the procedures for confiscation of properties of government servants found with assets disproportionate to their income and your action in sanctioning open enquiries against several political leaders. Your decision to restore the powers of transfer to departmental heads and your intent to revise and introduce the new Right To Service Act has encouraged us.

We have some suggestions to make about the functioning of the Police Department, particularly the powers that the political leadership must totally delegate and about the Right To Service Act. We want to share our ideas with you in order to further the cause of good governance. Kindly give us this appointment at your convenience.

With regards,

Yours sincerely,

JULIO RIBEIRO
